

BIOTEC SONIC SKIN-RADIANCE FACIAL

A radiance-boosting, bio-electric facial to re-energise dull, tired and stressed skin

THE UNIQUE FUSION OF ACTIVES, TOUCH & TECHNOLOGY

Join the revolution in skincare: effective, results driven treatments that herald a turning point in beauty therapy.

For the first time, Elemis has combined high-potency actives and its unique hands-on therapy with the science of bio-electric technology to deliver a new generation of facials.

THE FACIAL

Brighten and re-energise dull, tired-looking skin with this radiance-boosting facial. Following a bespoke consultation with a trained Elemis therapist, skin is deeply cleansed and toned, preparing it for the unique Elemis treatment technologies. **Ultrasonic peeling** helps to gently exfoliate skin impurities and pigmentation, whilst accelerating blood and lymphatic circulation, boosting skin radiance.

At the heart of every BIOTEC facial is Elemis' **Skin Lift TOUCH** therapy. This unique hands-on therapy combines a series of unique massage techniques, exclusive to Elemis facials, which softens and prepares the skin, enabling it to receive each technology more effectively. In addition, a neck and shoulder massage, combining an exclusive combination of Swedish, Balinese and Hawaiian massage techniques helps to de-stress and rebalance mind and body.

Key to the Sonic Skin-Radiance treatment is the brightening **Radiance Activator**, a powerful antidote to dull, uneven and dry skin. Rich in anti-oxidants, hyaluronic acid and peptides, it helps to plump up and tone skin, leaving it looking smooth, even and with a dewy luminosity.

Hydra-Active Gel Soothing Masks for the face and eyes further enhance the treatment's unique ingredients, helping to moisturise and calm the skin, before **galvanic current** propels the bio-active formulas deeper into the skin, minimising the symptoms of ageing brought on by stress and tiredness such as fine lines, dullness and blemishes.

The treatment is completed with the application of Pro-Radiance Illuminating Flash Balm, which finishes skin with a dewy glow.

TREATMENT BENEFITS

- ✓ Re-energise dull, tired looking skin
- ✓ Brightens and evens out skin tone
- ✓ Minimises discolouration
- ✓ Restores vitality and skin health
- ✓ Reduces dark circles under the eyes
- ✓ Protects against urban pollution and environmental damage that causes skin ageing

TARGETING

- ✓ Dull skin
- ✓ Stress
- ✓ Pigmentation

NOELLA GABRIEL, DIRECTOR OF PRODUCT & TREATMENT DEVELOPMENT, SAYS:

"We live in a world where busy, stressful lives are the norm. Couple this with the onslaught of environmental aggressors such as pollution and UV and it's no wonder our skin looks dull and tired. The new BIOTEC Sonic Skin-Radiance Facial is the perfect antidote to the effect modern living has on our skin; a combination of two highly effective treatment technologies gives skin a boost of luminosity and radiance, leaving it looking brighter, smoother and refreshed."

ELEMIS BIOTEC SONIC SKIN-RADIANCE FACIAL Launches April 2014
